

Dear Brothers and Sisters,

Happy Easter.

Christ has risen, Alleluia! Alleluia! This will be the shout of joy heard around the world as Christians celebrate the resurrection of our Lord Jesus Christ.

For the past two years, the Covid-19 pandemic had stopped our Churches from operating in its full capacity because of the rate of infections, sickness, and the number of deaths that have been caused by this pandemic.

Even though Covid-19 is still with us, we are grateful that the rate of infection is going down because of the vaccination and adherence to protocols. Slowly, life is coming back to normal as it used to be and we are grateful and thankful for His continuous guidance.

The past two Easter Feasts were celebrated under Covid-19 restrictions, but this year most of the restrictions have been lifted. Therefore, I invite you to join me to celebrate this Easter and mark a new beginning of life. I invite you to join me to thank God for his love, care, and blessings, and to celebrate with me for the last time as the St. Martin de Porres Community since next Easter we will be celebrating as a new merged Parish between St. Agatha & St. Martin de Porres.

Happy Easter and God bless you and your family.

Fr. Thadeo E. Mgimba
